## Universities of FLORIDA ARISE!

Your prayer, support and participation is vital, to raising the Standard so the generations can ARISE! The Lord began over a year ago showing us that the Universities are Resource Hubs within the states. He said it's time to Rebuild, Re-covenant, & Release so that these will become Glory Hubs of My Presence. So we began researching the Universities, the Prophetic Words spoken over Florida about coming revivals, glory hubs & never ending Glory outpourings. To our surprise we have words being released from 2003 onward about the campuses becoming breakout places of revival & glory throughout Florida! The Lord said "NOW is the TIME - GO PREPARE THE WAY!"
